

AVIATION SAFETY POLICY

Policy Name:	Aviation Safety Policy
Accountability:	Chief Executive Officer
Responsibility:	General Manager Operations

Policy Statement

Brisbane Airport Corporation Pty Ltd (BAC) is committed to providing an Aerodrome that is safe for aviation related activities.

In building and promoting this positive safety culture with workers and business partners, BAC has established the BAC Aviation Safety Management System which represents the systematic approach we have adopted to realise our safety vision and meet our Aviation Safety objectives.

Our Aviation Safety objectives are to:

- Identify Hazards and Manage risks;
- Foster leadership;
- Consult and communicate;
- Comply with relevant legislation, standards, codes and other requirements; and
- Continuously improve.
- Demonstrate and support a Just Culture.

Our success is measured against established targets to ensure BAC continues to provide a safe Aerodrome for all.

Scope

This Policy applies to the BAC Board of Directors and all BAC workers (including employees, contractors, consultants, volunteers and work experience students).

Review

This Policy will be reviewed and updated as required to reflect changes in legislation, BAC's risk profile or operational needs, but in any event at least every two years.

Gert-Jan de Graaff
Chief Executive Officer
